From the Palette

Fall 2024

Newport, OR lighthouse
photo by Linda

October was my landscape month. The drive was down the Oregon and California coasts with an extended stay in San Diego. How beautiful - and our weather was perfect. Not to be outdone, the National Parks of Sequoia and Yosemite were on our way home. I came back with lots of inspiration including great wildlife sightings. For example I saw brown pelicans flying just over breaking waves and hundreds of sea lions hugging the rocks along the shore.

This fall Linda's work was shown at the **Salmungundi Club** in New York City with the American Artists Professional League and also at the **Phippen Museum** in Prescott, AZ with Oil Painters of America

Check my web site for new small paintings added weekly.

NEWS
Linda has been elected to **Signature Member** status with the National Oil & Acrylic Painters Society. (NOAPS)
