Winter/Spring 2017

Wyoming pronghorn
Photo by Linda, Feb 2017

As I am writing this, we are on the cusp of Spring. It has been a long winter with snow on the ground at our house since before Thanksgiving. I have been traveling to shows and my road trip to the NatureWorks show in Tulsa, Oklahoma, gave me a chance to try out my new Canon camera body. It performed flawlessly, and any reference photos which aren't perfect are due solely to operator error!
