Winter 2019

Snow at our house
photo by Linda

As I write this, we are still in the grips of Winter. It was energized by 20 inches of snow over a five-day period and it has been snowing on and off since. Though there is a lot of shoveling to get to my studio, it is hard to question the beauty of the season. In addition, I've seen snowshoe hare tracks, a pileated woodpecker out the kitchen window, and whitetail deer.

Spring is just around the corner, but for now, I will enjoy the snow.
